Event Co-ordinator

 ISTE GRIET SB | April 2018

 -I was a part of a big event called as MELA which consist of 35+
 events , In which I was conducting a technical event . As my work is to get. maximum number registrations and participation.

 -I was into marketing with my team   and explain the event and get the. students register , as it was a success full event we got the maximum   number of registration and participation .

Android mobile application

 AAC GRIET | 2017-2018
- At my first year of collage in our collage we have a skill development   centre where need to write a exam for getting select in Advance Academic centre which give a project to develop .

 - As project was based on android application , we developed a app for student registration and can get the details of classes   .
-
